Campus Safety

Huston-Tillotson University Department of Campus Safety is committed to providing a safe and secure environment for students, faculty, staff and visitors. The primary objectives of the department are to protect and serve members of the campus community.

Safety is no accident! The Campus Safety Department, Student Affairs staff, and local law enforcement all work together to provide a formal structure for ensuring the safest possible surroundings for community members and their property.

In addition to these efforts, the most effective component of any safety program is you!

To Report A Crime

Campus Safety encourages all students, faculty, staff, and guests to immediately report all criminal incidents and other emergencies occurring on campus. To report a crime or emergency, dial "911" or Campus Safety @ 512.505.3010.

Don't Become a Victim

In order for a crime to occur, perpetrators must have the ability, the desire, and the opportunity to commit a crime. You can help remove the opportunity. Being safe sometimes means being inconvenienced. Plan ahead and make safety a priority in your life!

Access to Campus Facilities

Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and guests.

Except for residence halls, most campus facilities are normally open when classes are in session, or by special arrangements with the events coordinator.

At night and during times when the campus is officially closed, University buildings are locked.

Visitation

Visitation is held Sunday through Thursday – 3 p.m. until midnight; Friday and Saturday from 3 p.m. to 2 a.m. Guest(s) must begin to vacate the residence halls 15 minutes prior to the end of each evening.

During visitation hours, visitors are required to sign (guest log) into the residence halls. There are no visitors outside of these times. Residence Life staff retain the right to limit visitation hours as necessary.

Guests and visitors to the campus must present a current, valid form of picture identification to Campus Safety when driving onto campus and to the desk staff on duty in the residence halls before visiting a student.

The room visitation policy is established for guests of on-campus residents. Each resident is responsible for knowing when visitation is allowed.
