WELCOME TO THE FRAMILY!

Supporting Your HT Ram

If you are about to send your student off to college for the first time, August can be overwhelming as you try to keep track of everything. We understand and would like to help.

Among the many possible suggestions, we’d like to offer the following to start the new academic year:

- Talk to your student about staying in touch. It’s so easy, but if you are not on the same page, communication can be difficult. How often do you plan to talk? Text? What does your student expect? Too much contact may not help them gain independence, but too little contact may not provide enough support. Agree on what’s right for you both.

- Have you had the money talk? Although discussion of tuition and loans is necessary, but what about spending money, credit cards and budgets. Students need and want some financial guidance and they hope their parents will help. Who is paying for textbooks? Outings? Late night pizza? Transportation costs? Make decisions now of what is allowable to avoid conflict.

- How much information do you want your student to share with you? Don’t forget to have them sign the FERPA form. You can request one at the Registrar’s Office.

- Talk about alcohol, drugs and sex. These are difficult topics, but it is likely they will face these issues throughout their matriculation at any school they attend. It’s better to have conversations now as they will make their own decisions. Be clear about your thoughts, values and expectations.

- Ask questions that may help you to get to know their feelings about attending college. These can be some of the more fun conversations! What are you most excited about? Worried about? What are the goals for the first semester? Are they realistic? How about leaving home and being on your own? How will you handle stressful situations? What can you do to help?

You may be surprised at some of the things you find out as you talk with your students about these topics and you may be surprised how grateful your student is to have the opportunity to talk.

Religious Life

On the HT campus there is opportunity for spiritual growth and development. HT is a church affiliated institution. It has affiliations with The United Methodist Church and the United Church of Christ. While we are founded on Christian principles, we do not seek to proselytize our students, rather we choose to meet them where they are and gently invite them to grow. In the Center for Religious Life and Campus Ministry, there are a number of student ministry groups geared toward spiritual growth and development. We have bible study groups, praise dancers, gospel choir, and more.

Through campus ministry there is also the opportunity for leadership development as most of our groups and activities are student led. Your spiritual values can be nurtured while matriculating here at HT through such activities as; Weekly Bible Studies, Civility Week, Spring Break Mission Trip, First Year / Sophomore Religious Life Retreat, and more. Students also have the opportunity to travel, meet and engage students from across the country who are seeking to stay connected and to nurture that “spirit within.” We earnestly invite you, your ideas and your spirit as you embark upon this new journey at HT to become involved in campus ministry, a source of fellowship as well as educational and spiritual growth.

Center for Counseling and Consultation Services

The first year is full of exciting challenges and changes! Did you know: 1 out of 10 college students report feeling stressed often; 1 out of 5 college students reported feeling stressed most of the time, and 85 percent of college students feel overwhelmed. Don’t be caught off guard. Seek assistance as soon as the need arises. The Counseling Services primary role is to provide HT students with the emotional support needed to achieve their academic goals. This is accomplished by providing individual and group counseling services that are evidence and strengths based. Our vision is to provide quality support services that foster academic success, leadership, and total well-being for all students. All services are confidential.

The Counseling Center provides students with counseling services Monday-Friday free of charge. Office hours are Monday-Friday, 8:30 a.m. to 5 p.m. We provide scheduled appointments as well as crisis sessions. Our goal is for you to succeed! Drop by today. Center for Academic Excellence

The Center for Academic Excellence (CAE) provides general academic support services for the university. The mission of CAE is to empower students to thrive intellectually and embrace learning through services that promote holistic development. Services include the First Year Experience (FYE), Retention Services, Sophomore Year Experience and Peer Learning Consultants (PLCs) among others.

The Center also monitors an intervention software called Ram Radar which serves as an early-alert system for timely intervention of at-risk students struggling with attendance, academic performance, social or emotional challenges. Collectively students at Huston-Tillotson receive a comprehensive, proactive, and supportive community network to aid in their overall success.

First Year Experience

The Huston-Tillotson University First Year Experience (FYE) program is a comprehensive educational support system designed to assist students in making a successful transition to HT and higher learning. The FYE program includes: Ram Training Camp, which is Huston-Tillotson’s signature new student orientation program; a career based FYE project; instructors/advisors; Peer Learning Coach (PLC) mentors; co-curricular programming; and a student centered academic alert intervention support network. First year students are also assigned a PLC who mentors them throughout their first year, guides them through the FYE Project, coordinates study halls, and one-on-one consultations. Our students, academic advisors, and PLCs meet on a regular basis to build a strong academic support network. Together, collectively Huston-Tillotson provides a comprehensive proactive supportive community for our student’s first year experience at HT.

Department of Athletics

It is important that you exercise your body as well as your mind while you attend HT. You will find the opportunity to do just that in our sports program. HT competes in intercollegiate sports in the Red River Athletic Conference (RRAC) under the guidelines of the National Association for Intercollegiate Athletics (NAIA). The Rams compete in men’s basketball, cross country, track and field, baseball, and soccer. Women’s sports include basketball, volleyball, track and field, softball, and soccer. Athletic scholarships are available to qualified student-athletes in all sports. Both men and women participate in the HT cheerleading squad. If you do not plan to compete at the intercollegiate level, you are encouraged to attend the games and support your classmates and school teams. Intramural sports are available at HT as an opportunity to enrich the college experience. GO MIGHTY RAMS!
The Library is named for Dr. Karl Downs and Dr. William Jones, who were presidents of Samuel College and Tillotson College. The Downs-Jones Library was originally built in 1960, and was completely renovated in 2012 and 2013. The interior of library was designed with you and future generations in mind. Several studying and learning environments are available in the library. The upper level is designated for collaborative work. On this level, you can expect students to be studying and discussing projects and assignments together, with a noise level higher than that of many traditional libraries. Students can transition to the lower level for individual study with an expectation of silence. Other study and learning environments include two group study rooms intended for three to six individuals each and the multi-purpose room for groups from seven to twenty. Of course, there are still books, magazines, DVDs, media equipment, 28 computers and 22 laptops. It is not just what is in the building; it is about access to the whole world of information and the technology to use it.

You can borrow books from all over the world through interlibrary loans and by presenting a TexShare card at most academic and public libraries in the state of Texas. The library staff can also be contacted by calling 512.505.3088 from Monday – Thursday from 8:00 a.m.-10:00 p.m., Friday from 8:00 a.m.- 5:00 p.m., Saturday from 11:00 a.m.-6:00 p.m., and Sunday from 1:00 p.m.-10:00 p.m.
