

# MISSION

At the Math Lab we develop students to become rational, critical, and thoughtful mathematicians, scientists, and engineers who are at the forefront of human knowledge.

 UNIVERSITY

# ABOUT US

---

At the Math Lab, we believe that everyone is capable of producing mathematics and the best mathematicians are those who deliberately practice. We are a judgment-free zone where all questions are welcomed!

The Math Lab is part of the Center for Academic Excellence. We share in its commitment to providing a stress free environment for the academic achievement, success and leadership for all students.

# LOCATION & HOURS

---

Dickey-Lawless, Room 110  
Mondays - Thursdays : 9 AM - 7 PM  
Fridays: 9 AM - 3 PM

@htmathcenter

**We help students with any level of Math at any stage of the learning process.**

---

- ✓ Understanding Equations
- ✓ Solving Problems Effectively
- ✓ Communicating Concepts
- ✓ Writing Rigorous Solutions
- ✓ Finalizing Projects

# OUR SERVICES

---

## Homework Help

Wherever you are in your Mathematical Journey, we will learn how to solve problems in a systematic fashion that's comprehensible and implementable.

## Exam Preparation

Have an exam coming up? Let our PLCs show you optimal test taking strategies, effective study habits, and how to stem math anxiety!

## Reading Math

The secret to fluency in Mathematics is learning to read mathematical texts. Get guidance on deciphering your lecture notes and books so you can succeed!
