Policy on COVID-19 Vaccination for Residential Students

Overview
Huston-Tillotson University continues to take a proactive, science-based approach to reactivating campus and curbing the spread of COVID-19. Huston-Tillotson is committed to protecting our entire community and the greater good.

Given the status of the ongoing pandemic in Travis County and the city of Austin’s COVID-19 Risk-Based Guidelines as of this time COVID-19 vaccination or an approved notarized exemption will be required for all residential students (i.e., students that live on campus).

Before a housing assignment can be confirmed, students are required to do one of the following:
1. Be fully vaccinated, or
2. Have received at least one dose as needed for full vaccination, or
3. Complete a notarized exemption form.

All documentation must be sent to vaccinations@htu.edu, and the original notarized exemption must be brought to move-in for the exemption to be considered valid.

Students who do not provide this required documentation as described above:
- Will not be allowed to live in on-campus housing
- Will be tested weekly for COVID-19 until fully vaccinated
- Will be required to pass a daily health screen

An individual is considered fully vaccinated under this policy two weeks after completing all required doses of one of the following FDA approved SARS-COV-2 (COVID-19) vaccines:
- Pfizer-BioNTech (0.3 ml each): two doses at least 3 weeks (21 days) apart, but no more than 6 weeks (42 days)
- Moderna (0.5 ml each): two doses at least 4 weeks (24-28 days) apart, but no more than 6 weeks (42 days)
- Johnson & Johnson’s Janssen (0.5 ml): one dose

Vaccine Documentation
Acceptable documentation includes copies of:
- CDC or similar non-US entity immunization card
- Healthcare provider immunization record

Qualifying exemption categories
1. Medical conditions which make receipt of the vaccine dangerous or otherwise inappropriate (ADA)
   Required Documentation: a statement signed by a physician, who is duly registered and licensed to practice medicine in the United States, which states, in the physician’s opinion, the vaccination required would be injurious to the student’s health and well-being. This exemption expires annually

2. Reasons of conscience, including sincerely held religious beliefs protected under Title VII
   Required Documentation: a notarized exemption form must be submitted.

Vaccinated individuals must still follow all community standards published at www.htu.edu/safeandhealthyrams
