

International Conference on Science, Technology, Engineering, Mathematics and Education, 2024

Join us for groundbreaking advancements in STEM education

Explore innovative ideas at our 2024 international conference.

December 17 - 20, 2024

Time: 9:00 am to 1:00pm US Central Time

Venue: Online in zoom

Global STEME Initiative organized jointly by Huston-Tillotson
University, USA and Shahjalal University of Science and
Technology, Bangladesh

Welcome to the International Conference on Science, Technology, Engineering, Mathematics, and Education 2024! This event is a beacon of innovation and collaboration, bringing together the brightest minds from around the globe. Our mission is to inspire and empower educators, researchers, students and practitioners to push the boundaries of knowledge and drive transformative change in their fields. Registration is totally for all presenters and participants.

Join us as we explore groundbreaking research, cutting-edge technologies, and pioneering educational practices. Together, we will ignite a passion for discovery and foster a community dedicated to excellence and progress. This conference is not just an event; it is a movement towards a brighter, more innovative future.

Let us unite in our quest for knowledge and make a lasting impact on the world. Your participation is the key to unlocking new possibilities and shaping the future of STEM education. Welcome to a journey of inspiration, innovation, and transformation!

For presenters, your one-page proposal should include: title of the proposal, name, email and institution of presenters, an abstract or summary. Times new roman, 12-point font-size in single-line format is preferred. Submit your proposal using the registration link or email to mathclub.ht@gmail.com.
